Participate in Transition Opportunities

Mansfield Minis and Orientation Day

Our **Mansfield Minis Program** supports both children and parents with the transition into Prep over a three-week period. These weekly morning sessions commence in October. *There will be more information to follow.*

Our Orientation Day is a further opportunity to enable a smooth transition for our incoming Prep students. The morning session allows students to operate in an environment similar to what they can expect on their arrival to 'big school.'

We can't wait to meet you!
