

Mansfield State School

School review conducted 25 to 28 May 2021

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

Review highlights

- ✓ Recognised for providing quality education in the local community.
- ✓ Appreciating and building productive parent partnerships.
- ✓ Committed professional staff who are student focused.
- ✓ Valuing the benefits of cultural diversity.

Consultation

Total of 329 interviews

18 community members and stakeholders

84 school staff

152 students

75 parents and carers

Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...

- ➔ Collaboratively build a strong vision for the school that honours the past and acknowledges the future potential of the school, and meets the aspirations of students, their families and the community, and enables the establishment of clear and precise explicit improvement agendas.
- ➔ Collaboratively develop, implement and embed a shared whole-school understanding of the language of pedagogy, effective pedagogical practices and high impact teaching strategies to engage students in the AC.
- ➔ Maintain a commitment to building high performance collaborative teams across the school, with a specific focus on school leader, year level, sector group and responsibility area.
- ➔ Collaboratively develop and implement an agreed school-wide set of inclusive practices and monitor implementation to ensure they meet the range of students' needs.
- ➔ Maintain the commitment to embedding the full Australian Curriculum (AC) across all year levels and align professional development processes to ensure consistency of practice.
